INDEPENDENT AUDITORS' REPORT

Board of Directors
Mercy Ships and Affiliates
Lindale, Texas

We have audited the accompanying consolidated and combined financial statements of Mercy Ships and Affiliates, which comprise the consolidated and combined statements of financial position as of December 31, 2015 and 2014, and the related consolidated and combined statements of activities and cash flows for the years then ended, and the related notes to the consolidated and combined financial statements.

Management's Responsibility for the Consolidated and Combined Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated and combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated and combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated and combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated and combined financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated and combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated and combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated and combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated and combined financial statements.

Board of Directors
Mercy Ships and Affiliates
Lindale, Texas

Auditors' Responsibility, continued

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated and combined financial statements referred to above present fairly, in all material respects, the consolidated and combined financial position of Mercy Ships and Affiliates as of December 31, 2015 and 2014, and the consolidated and combined changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Consolidated and Combined Financial Statements

December 31, 2015 and 2014

1. NATURE OF ORGANIZATION:

Mercy Ships (the Organization) is a ship-based international health care organization that follows the 2000 year old model of Jesus, bringing hope and healing to the world's underserved poor by mobilizing people and resources worldwide. Through its hospital ship and related healthcare and capacity building programs and partnerships, the Organization provides surgical interventions, training and capacity building, and other healthcare services without regard to ethnicity, gender, political affiliation, or religious preference.

The financial statements are referred to as consolidated and combined financial statements on the cover page as well as the opinion. Consolidated and combined information is reflected in all other references to the following statements or items: financial statements, statement of financial position, statement of activities, statement of cash flows, and notes to financial statements. If any of these statements are not consolidated or combined, they will be identified accordingly. In addition, all references to Mercy Ships on these statements is a reflection of Mercy Ships and Affiliates, unless otherwise identified.

PRINCIPLES OF CONSOLIDATION

The accompanying financial statements include the accounts of Mercy Ships, Community of Faith, LLC, Mercy Ships Foundation, and Mercy Ships International, all Texas non-profit corporations, and Africa Mercy-Malta Ltd., a Maltese maritime corporation. These affiliates are under common control as defined by accounting principles generally accepted in the United States of America and are consolidated in the financial statements.

PRINCIPLES OF COMBINATION

The accompanying financial statements also include the accounts of Mercy Ships Australia Ltd., an Australian non-profit limited by Guarantee, Mercy Ships Belgium VZW, a Belgium non-profit corporation, Mercy Ships Canada Society, a Canadian non-profit corporation, Mercy Ships Deutschland e.V., a German non-profit corporation, Stichting Mercy Ships Holland, a Netherlands charitable organization, Foundation Mercy Ships-Norge, a Norwegian non-profit corporation, Association Mercy Ships, a Swiss non-profit corporation, Mercy Ships Global Association, a Swiss non-profit association and Mercy Ships-U.K. Ltd., a U.K. non-profit limited by Guarantee. All of these affiliates operate independently with their own separate boards of directors and work together collaboratively to achieve their respective charitable purposes. The Mercy Ships International board is a collaborative board that includes representatives from both the consolidated and combined affiliates. This board does not control any one affiliate but rather works collaboratively with them to ensure that their respective charitable programs are carried out in a consistent and co-ordinated manner with those of Mercy Ships International and one another, subject to the applicable laws of their originating jurisdictions. Due to lack of common board control, these affiliates are not consolidated with Mercy Ships International. However, given the collaborative nature of this structure, combined financial statements are presented for these affiliates.

Notes to Consolidated and Combined Financial Statements

December 31, 2015 and 2014

1. NATURE OF ORGANIZATION, continued:

The consolidated and combined affiliates (collectively, Mercy Ships) are part of the financial statements. All material intercompany accounts and transactions have been eliminated in the financial statements. The following affiliates have been excluded from the financial statements, due to immateriality: Mercy Ships Denmark, Mercy Ships France, Mercy Ships Korea, Mercy Ships New Zealand, Mercy Ships South Africa, Mercy Ships Spain, and Mercy Ships Sweden. Mercy Ships provides funds for and receives funds from the non-combined organizations. The related revenues from and expenditures with these organizations are netted in the statement of activities within sales and other revenue.

The consolidated affiliates of Mercy Ships are non-profit religious organizations under Section 501(c)(3) of the Internal Revenue Code (the Code) and are publicly supported organizations under Sections 170(b)(1) and 509(a) of the Code. They are not considered to be private foundations under Section 509(a) of the Code.

The combined affiliates of Mercy Ships that are organized and operating outside of the United States are tax-exempt based on the various laws of the country in which they operate. These affiliates are generally not subject to any Federal or State income tax including any tax liabilities due to unrelated business income.

2. SIGNIFICANT ACCOUNTING POLICIES:

Mercy Ships maintains its accounts and prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of any contingent assets and liabilities at the date of the financial statements, and the reported revenues and expenses during the reporting periods. Actual results could differ from the estimates. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

CASH AND CASH EQUIVALENTS

Cash and cash equivalents consist of checking and money market accounts. Mercy Ships considers all highly liquid investment instruments purchased with a maturity of three months or less to be cash equivalents. These accounts may, at times, exceed federally insured limits. Mercy Ships has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

CASH HELD FOR OTHERS—SHIP BANK

Mercy Ships maintains a bank on board its ship for the convenience of its crew members. The funds are shown separately on the statement of financial position. Accordingly, a corresponding liability, ship bank payable, is recorded on the statement of financial position.

CERTIFICATE OF DEPOSIT

Mercy Ships maintains a certificate of deposit with an original maturity date exceeding 90 days. The certificate is recorded at cost plus accrued interest.

MERCY SHIPS AND AFFILIATES

Notes to Consolidated and Combined Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

ACCOUNTS RECEIVABLE

Accounts receivable are presented at their net realizable value and consist of amounts resulting from operations and other transactions and are primarily due to non-U.S. offices. Allowance for doubtful accounts have been applied against accounts receivable based on estimates of uncollectible amounts. Every year management evaluates receivable balances, considers the adequacy of allowance, and makes appropriate adjustments. As of December 31, 2015 and 2014, the allowance for doubtful accounts was \$7,259 and \$4,435, respectively.

PLEDGES RECEIVABLE

Unconditional promises to give are reported as income to Mercy Ships when made and have been recorded at their pledged amounts. Pledges receivable are shown net of a discount of \$256,039 and \$163,703, respectively, and an allowance for uncollectible receivables of \$1,467,719 and \$965,244, respectively, as of December 31, 2015 and 2014. Subsequent to December 31, 2015, collections on pledges receivables totaled \$656,500.

INVENTORY

Inventory consists primarily of medical supplies, food, fuel, and lubricating oil. If purchased, these items are stated at the lower of cost or market on the first-in, first-out basis. If donated, items are valued at the lower of their estimated fair market values as of the date of receipt or current market value. As of December 31, 2015 and 2014, management determined no allowance for obsolete inventory was needed for the inventory on-hand.

PROPERTY AND EQUIPMENT—NET

Land, buildings, and equipment are stated at cost, or if donated, at fair value as of the date of the gift. Purchases or donations in excess of \$25,000 are capitalized with lesser amounts expensed. All capital assets, other than land, are depreciated using the straight-line method with useful lives ranging from 3-25 years. Assets not placed into service consist of capital expenditures for the new ship that are currently not being depreciated, however, will be depreciated based on the Organization's depreciation policy, once these assets are operable.

NET ASSETS

The following classes of net assets are maintained:

Unrestricted net assets include those currently available at the discretion of Mercy Ships' board of directors for use in its associated ministries and those resources invested in property and equipment, net of any related debt.

Temporarily restricted net assets include assets of Mercy Ships related to gifts with explicit donor-imposed restrictions that have not been met as to the specified purpose or to later periods of time or after specified dates.

Permanently restricted net assets are those contributed with donor restrictions requiring they be held in perpetuity. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by management to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

MERCY SHIPS AND AFFILIATES

Notes to Consolidated and Combined Financial Statements

December 31, 2015 and 2014

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

NET ASSETS, continued

The management of Mercy Ships has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, Mercy Ships classifies as permanently restricted net assets (a) the original value of the gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by Mercy Ships in a manner consistent with the standard prudence prescribed by UPMIFA.

In accordance with UPMIFA, Mercy Ships considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of Mercy Ships and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of Mercy Ships
7. The investment policies of Mercy Ships

SUPPORT, REVENUE, AND EXPENSES

Contributions are recorded when made, which may be when cash or other assets are received or unconditionally promised. Mercy Ships reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, the associated temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as satisfaction of purpose restrictions. Support for Mercy Ships is primarily derived from contributions from individuals, church congregations, and corporations.

Mercy Ships receives various donated products such as medical and pharmaceutical supplies, and food to supply the ship. The products are donated primarily by corporations. The receipt of donated products by Mercy Ships is reflected as gift in kind contributions and the distribution is reflected as contributed goods. The donated products are valued in a manner consistent with Association of Evangelical Relief and Development Organizations Interagency Gift-in-Kind Standards.

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

SUPPORT, REVENUE, AND EXPENSES, continued

Of the \$2,575,111 and \$4,793,211 gift in kind contributions reflected in the statement of activities for the years ended December 31, 2015 and 2014, respectively, 99% and 96% was used by Mercy Ships in its own programs and 1% and 4% were provided to other charities, respectively.

Contributed services are recognized if the services received require specialized skills or certifications that are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. The amount of contributed services recognized as support and expenses consisted of the following:

	December 31,	
	2015	2014
Program services - professional and medical	\$ 17,219,355	\$ 15,502,542
General and administrative support staff	230,925	197,637
Fundraising	92,534	90,608
	<u>\$ 17,542,814</u>	<u>\$ 15,790,787</u>

Mercy Ships also receives contributed services related to ship berthing within the ports. Due to not being able to adequately estimate the value, these contributed services are not included within the statement of activities.

Fee revenue, sales, and other revenue are recognized when earned. Fee revenue received in advance of the goods and services being provided, are recorded as deferred revenue. Expenses are reported when costs are incurred in accordance with the accrual basis of accounting.

ADVERTISING AND PROMOTIONAL COSTS

Advertising and promotional costs are expensed when they are incurred. Mercy Ships expended approximately \$4,775,005 and \$2,616,127 promoting its mission for the years ended December 31, 2015 and 2014, respectively.

UNCERTAIN TAX POSITIONS

The financial statement effects of a tax position taken or expected to be taken are recognized in the financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Interest and penalties, if any, are included in general and administrative expenses in the statement of activities. As of December 31, 2015, Mercy Ships had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

Mercy Ships' federal Exempt Organization Business Income Tax Return Form 990 is subject to examination by the Internal Revenue Service, generally for three years after it is filed. As of December 31, 2015, Mercy Ships' tax returns for the years 2012 through 2014 remain subject to examination.

7. CAPITAL LEASE OBLIGATION:

Mercy Ships entered into an eighty year land lease commitment with the City of Lausanne, Switzerland, effective February 9, 1994, and continuing until February 17, 2074. This lease meets the criteria for capitalization and is therefore recorded in the accompanying statement of financial position as an asset, and the related obligation is recorded at the present value of future minimum lease payments. Concurrent with the land lease obligation, the City of Lausanne gifted ownership of a building named Maison de Rovereaz to Mercy Ships. Mercy Ships agreed to lease, maintain, and renovate the building to current standards. The land lease provides for a cost of living increase every three years based on the Swiss consumer price index.

The present value of future minimum lease payments was calculated using an implicit borrowing rate of 7.0% per annum. As of December 31, 2015 and 2014, the total lease obligation included accrued interest of \$781,126 and \$743,996, respectively.

For both the years ended December 31, 2015 and 2014, land and buildings of CHF 750,000 (\$755,475 and \$758,025, respectively, as of December 31, 2015 and 2014) has been capitalized under the lease agreement and accumulated depreciation for the years ended December 31, 2015 and 2014, was CHF 206,250 and CHF 196,875, respectively, (\$207,756 and \$198,982, respectively).

The future minimum lease payments required for capital leases are:

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires Mercy Ships to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in unrestricted net assets. As of December 31, 2015 and 2014, there are no deficiencies resulting from unfavorable market fluctuations, respectively.

11. FAIR VALUE MEASUREMENTS:

Mercy Ships has a number of financial instruments, consisting of: certificate of deposit, accounts receivable, pledges receivable, other current assets, notes payable, capital lease obligation, and other current liabilities. None of the financial instruments are held for trading purposes. Mercy Ships estimates the fair value of these financial instruments as of both December 31, 2015 and 2014, and the estimated fair value does not materially differ from the aggregate carrying values of its financial instruments reflected in the accompanying statement of financial position.

12. DEFINED CONTRIBUTION PENSION PLAN:

Mercy Ships provides a 403(b) defined contribution retirement plan to eligible employees. All full-time employees are eligible to participate after a three-month probationary period. Eligible employees can contribute pre-tax elective deferrals up to 100% of compensation. After reaching age 59 1/2 the employee may receive lump-sum distributions up to 100% vested balance. Mercy Ships did not make any contributions to the plan in the years ended December 31, 2015 and 2014.

13. TRANSFERS FROM AFFILIATES:

Mercy Ships' international affiliates are certified by various charity boards within their countries. To satisfy requirements of these boards, the following information is presented for the purpose of disclosing the amount of funds transferred from each affiliate and disbursed to pay for program and ship operational expenses and long term liabilities of Mercy Ships. These amounts are considered intercompany transactions for the purposes of the financial statements and are therefore eliminated upon combination.

The amount of funds transferred from the affiliates was as follows:

14. NON-U.S. OPERATIONS:

Mercy Ships' international affiliates are located in various countries. Non-U.S. operations are subject to risks inherent in operating under different legal systems and various political and economic environments. Among the risks are changes in existing tax laws, possible limitations on non-U.S. investment and income repatriation, government price or non-U.S. exchange controls, and restrictions on currency exchange. For the years ended December 31, 2015 and 2014, net assets of non-U.S. operations were 6.7% and 9.0% of Mercy Ships' total net assets, respectively.

Most of Mercy Ships' international affiliates use the local currency as the functional currency. The financial statements of Mercy Ships' international affiliates have been translated into U.S. dollars. The statement of financial position accounts have been translated using the exchange rate in effect at the statement of financial position date. statement of activities amounts have been translated using the average exchange rate for the year. These adjustments for the years ended December 31, 2015 and 2014, are reflected accordingly on the statement of activities.

As of the report date, there continues to be fluctuations in the value of the U.S. dollar relative to several non-U.S. currencies in which Mercy Ships operates. It is not practicable to determine the effects of these rate changes on Mercy Ships' financial statements.

15. SUBSEQUENT EVENTS:

Subsequent events have been evaluated through the report date, which represents the date the consolidated and combined financial statements were available to be issued. Subsequent events after that date have not been evaluated.
